Product information "Champagne Bucket 22,5 cm"

The Georg Jensen INDULGENCE was born out of a love of entertaining. Few things start a dinner party off on the right foot better than a sparkly glass of champagne. The champagne cooler ensures that your bubbly is kept cool until the moment that you pop the cork and remains cool once you have poured the first glass.

The champagne cooler is made of polished stainless steel and looks beautiful sitting on a dining table or sidebar. Its elliptical opening looks organic and the slant of the cooler holds the bottle at the perfect angle for easy removal and replacement.

Height: 22.5 cm

Width: 28 cm

Ø: 15.5 cm
