Christofle, Malmaison, caviar service, silver-plated

This silver-plated caviar service takes us on a journey through time into the imperial empire of Napoleon Bonaparte. The Malmaison collection from the house of Christofle typifies the Empire style and features characteristic strict lines and sophisticated materials: The outer dish has a diameter of 17 cm and features a border of engraved palm tree tops which are characteristic for the collection. The handles on both sides, which take the shape of a majestic eagle's head, are perfectly formed. The inner dish is somewhat smaller and made from clear crystal glass which is neutral in taste and features a silver-plated lid with a handle in the shape of a lotus flower. Due to the different sizes, the silver dish can be filled with ice and the crystal glass bowl placed centrally on the ice bed thanks to the practical frame inside the silver bowl. This not only ensures that the black gold is served at the perfect temperature, but also that it is particularly sumptuous. In combination with the caviar horn spoon from the extensive collection, the enjoyment of caviar could literally not be any more tasteful.

About Christofle

The Malmaison series crowns every table and interior design: Created in 1967, the series is regarded as Christofle's Empire model, named after the Château de la Malmaison near Paris, the favored country residence of the imperial couple Napoleon Bonaparte and Joséphine. The characteristic elements of this splendid style are the symmetrical decor with water leaf motifs and openwork lotus leaves.

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
