About Christofle

A part of Christofle right from the start: The Cluny series is one of the absolute classics and was presented in the first catalog of the traditional French company way back in 1862, at that time still under the name Uni. A little over 100 years later, in 1964, this timelessly elegant collection received its present form, which is characterized by a purist design and clear lines. Thanks to these characteristics, the Cluny series harmonizes wonderfully with various styles, from classic to modern.

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
