Christofle, Chinon, cheese knife, silver plated

Striking lines meet wide handles and elegant ornamental elements – the Chinon series has been one of the exquisite cutlery lines from traditional company Christofle for 150 years. As this collection ceased to be part of Christofle's current range in 2016, these exceptional pieces will be a true rarity in future. The silver-plated cheese knife is 20.5 cm long, dishwasher safe and, thanks to its double blade tip, it enables the particularly skilled cutting and serving of fine cheese variations. The pieces in this series, which are also available in sterling silver, bathe the table in French flair and sophisticated lifestyle.

About Christofle

The Chinon series was created way back in 1862 in the style of Louis-Philippe of that time. The elegant lines reflect the classic French style and characterize this historic collection, which was known for a long time as Filet or Vieux Paris. This sophisticated series owes its name to the small town of the same name in the Val-de Loire region, the typical harmony and gentle way of life of which this collection uniquely conveys.

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
