Christofle, Cluny, cheese knife, silver plated

The Cluny series from Christofle not only impresses through its timeless shapes with puristic lines and wide tapered ends – as a classic of the early French cutlery type, it brings simple elegance to the table, matching any porcelain. The dishwasher-safe silver-plated cheese knife is 20.5 cm long and adorned with a Christofle engraving. Thanks to its double blade tip, it enables the particularly tasteful serving of fine cheese variations. The collection includes a wide range of individual pieces and sets, also available in sterling silver, which form a stylish complement to formal or simple table arrangements.

About Christofle

A part of Christofle from the very beginning: The Cluny series is among the absolute classics and was already featured in 1862 in the first catalog from the traditional French company, back then still under the name Uni. A little over 100 years later, in 1964, this timelessly elegant collection received its current form, which is characterized by clean lines and a purist design. Thanks to these characteristics, the Cluny series harmonizes wonderfully in combination with different styles, from classic to modern.

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
