Product information "Leather sheath"

The Nesmuk leather sheaths are perfectly suited to protect and store the valuable Nesmuk knives. The sheaths are hand made from anthracite, vegetally tanned leather. The Kevlar liner and a magnetic band allow safe and easy handling:

Take hold of the grip with one hand, the sheath in the other hand, the edge of the blade facing away from your body. Gently pull the knife from the sheath. Insert the knife in the same manner. Always make sure to let the back of the blade slide against the sheath to prevent damaging the sheath with the blade.
