Product information "Marmite with Lid, 20 cm"

Spring pots and pans are made of high-quality multi-ply material, which transmits the heat directly from the bottom throughout the sides and, thus, to the food. This ensures gentle, fast, and even heating of your food and saves energy. Spring multi-use pots and pans are highly functional. Because of their beautiful design and low weight (no heavy bottom) they are perfectly suited for serving. Their round, easy-to-handle form allows easy cleaning.

Diameter: 20 cm
