Product information "Bowl 39.5 cm 980A sterling silver"

Koppel, being a trained sculptor himself, had a unique gift for designing. Do note how he manages to make the bowl look light and floating, despite its heaviness by making space between the foot and the big bowl.

The Bowl 980A received the Gold Medal at the IX Triennial 1951 in Milan.

Height: 15.2 cm

Diameter: 39.5 cm

Design year: 1948
