Christofle, Perles II, dessert knife

With Perles II, traditional company Christofle created a cutlery series back in 1876 that is both splendid and unobtrusive. A fine bead ornamentation adorns the delicate border of the cutlery, letting it shine in classic elegance next to any porcelain tableware. The blade of the 19.6-cm-long dessert knife features a delicate Christofle engraving. Its polished stainless steel construction means that it is dishwasher-safe. Perles II is the identical reproduction of the Perles series, in which the cutlery is also available in sterling silver and silver plating.

About Christofle

A design classic in a new guise: The Perles II series not only replaces the Mimosa series, but also presents itself as a stainless steel version of the traditional silver-plated Perles series from Christofle. The design was created in 1876 in line with the French art and architectural style of Louis XVI of the 18th century. Characteristic for this are the beads which, like a pearl necklace, run in half-relief as an excellent ornamentation along the edges of the elegant pieces in this series.

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
