Product information "Citrus press"

The design of the citrus press is inspired by its purpose, and both its functionality and shape make it easy to press citrus fruit. The surface is granulated for a firm grip when pressing fruit. The small notches around the edge of the rim mean that the pips are retained when pouring off the juice. Moreover, thanks to its shape, the citrus press always stands upright. After use, it is quick and easy to clean.

Diameter: 8 cm
