Also available in our [Store at Königsallee 42 in Düsseldorf](#).

## Product information "Candlesnuffer, tongs"

This candle snuffer from Engels is made of highly polished stainless steel and has the inscription "Engels Kerzen" engraved by laser. These tongs are the cleanest, most elegant way to put out a candle. With the help of the tongs, you can dip the wick of a pillar candle in its liquid wax for a second and then move it back to its straight position. This way, candle smoke is prevented and, as a pleasant extra, the candle will be easier to light the next time.
