Product information "Glass Coaster 10 cm Bull red"

Manufacturer: LindDNA

Designatin: Glass Coaster Bull

Serie: Circle

Color: red

Diameter: 10 cm

Material: leather, rubber

Bull is one of LIND DNA's strongest structures. The slightly thicker structure makes the material incredibly durable and easy to maintain. With a small, fibrous pattern, the surface has a classic leathery look. Its rustic expression fits into your everyday table setting and will add a beautiful contrast to your tableware. Bull is soft, durable and conveys a slightly polished look. The material is 2,0 mm thick and consists of 80% core leather and 20% natural rubber.

The bedrock of most of our designs is OEKO-TEX® certified, recycled leather. Sourced from the surplus production from the furniture and fashion industry, the vegetable-tanned core leather is first granulated, and then pressed together with natural rubber from trees. The result is a recycled leather quality, consisting of 80% core leather and 20% natural rubber – a material that is at once incredibly durable, water resistant as well as easy to clean. Lastly, the leather is dyed with water-based colour and decorated with beautiful surface structures and patterns.
