Product information "Waiter's corkscrew black"

Removing old corks in aging wine bottles can be a challenging task even to the finest of wine collectors. The Peugeot Mathus cork-extractor is the ideal solution to safely removing aging corks that have become brittle. The two prong cork puller can also be used to retrieve any corks that are pushed down or broken in the bottleneck. Simply insert the two blades between the cork and bottle. Remove cork by pulling with a rotation motion. Reminiscent of 19th century wine openers, Mathus comes with contemporary ABS plastic protective case. An indispensable tool for all fine wine lovers and connoisseurs.

Length: 11 cm
