Christofle, Oh, bowl, Ø 16 cm

6.1 cm high, the bowl made from polished, high-quality stainless steel has a diameter of 16 cm and is part of the modern Oh series by Christofle. Inspired by nautical worlds, the series combines contemporary design with simple functionality. The circular cutout not only serves as a practical handle, but also as a maritime design element characteristic of the series and symbolizing a porthole. Thanks to its puristic, elegant shape, the bowl harmonizes with any environment – both indoors and outdoors. It can be used as a fruit bowl as well as for serving small delicacies. The bowl is also available in a smaller version and can be combined with many other products in the series, such as the aperitif plate or the tray.

About Christofle

Whether it's in the garden, on the terrace or on the boat – the Oh de Christofle series makes every outdoor experience a stylish success. Clear lines and contemporary design meet maritime details. The round handles are reminiscent of eyelets or portholes of prestigious yachts. This design feature also makes the products particularly functional. As a result, in yet another series, Christofle again creates the perfect synergy of outstanding forms with easy handling and, in the spirit of the name of the collection, leaves an enthusiastic "Oh".

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
