Christofle, Oh, ashtray, Ø 21 cm

The polished stainless steel ashtray has a diameter of 21 cm and is part of the modern Oh series from Christofle. Inspired by nautical worlds, the series combines contemporary design with simple functionality. The ashtray consists of two components that are placed on top of each other. This ensures optimal cleaning – even in the dishwasher if required. The puristic shape of the ashtray not only reflects the maritime design of the series, but also serves to protect the ashes from the wind. It can also be used as a stylish alternative for the disposal of smaller waste items, such as olive stones. The ashtray is also available in a smaller version – both versions are a perfect complement to other products from the series.

About Christofle

Whether it's in the garden, on the terrace or on the boat – the Oh de Christofle series makes every outdoor experience a stylish success. Clear lines and contemporary design meet maritime details. The round handles are reminiscent of eyelets or portholes of prestigious yachts. This design feature also makes the products particularly functional. As a result, in yet another series, Christofle again creates the perfect synergy of outstanding forms with easy handling and, in the spirit of the name of the collection, leaves an enthusiastic "Oh".

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
