Christofle, Madison 6, storm lantern 18.5 cm, silver-plated

The hand-crafted storm lantern not only radiates magical, shimmering light, but also the charm of the Madison 6 collection from traditional French company Christofle. As a tribute to the first Christofle flagship store on Madison Avenue in New York, these stylish pieces bring big-city flair into the home. The base of the storm lantern is made from dark ipe wood, surrounded by a silver-plated ring. The heat-resistant borosilicate glass is adorned with the embossing of a honeycomb, characteristic of the collection. Thanks to the height of 18.5 cm and the diameter of 24.6 cm, the lantern sets an elegant stage for candles both indoors and outdoors. Or the lantern can be combined with the smaller tealight version – for a sensational play of light.

About Christofle

With the Madison 6 collection, Design Studio Christofle pays homage to its first flagship store on Madison Avenue in New York. The number 6 is a tribute to the company's trademark, the Christofle hallmark of the famous silver cutlery. It also represents the six sides of a honeycomb, the pattern of which is engraved on the unique pieces. The result: sensational design pieces that find their place in the aesthetic worlds surrounding food and decoration.

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
