Christofle, Oh, cocktail pick holder

The polished stainless steel cocktail pick holder is 7.2 cm high and has a diameter of 6 cm. It is part of the modern Oh series from Christofle which, inspired by nautical worlds, combines contemporary design with simple functionality. Cocktail picks, which are available separately in sets of 6, can be optimally presented in this high-quality container. The circular cut-out reflects the characteristic maritime design of the series. This makes the cocktail pick holder, also in combination with other products from the series, such as the aperitif plate, a charming eye-catcher at garden parties or on boat trips.

About Christofle

Whether it's in the garden, on the terrace or on the boat – the Oh de Christofle series makes every outdoor experience a stylish success. Clear lines and contemporary design meet maritime details. The round handles are reminiscent of eyelets or portholes of prestigious yachts. This design feature also makes the products particularly functional. As a result, in yet another series, Christofle again creates the perfect synergy of outstanding forms with easy handling and, in the spirit of the name of the collection, leaves an enthusiastic "Oh".

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
