With the electric Wüsthof knife sharpener Easy Edge you sharpen your blade very easily, even without previous knowledge. Start the sharpening program at the touch of a button (One-Touch®). The three coordinated intervals ensure that your knives are always sharp and cut precisely with the WÜSTHOF Easy Edge. Take your knife and guide the blade right or left past the flexible grinding belt - as in WÜSTHOF production with a grinding angle of 15-16°. The blade is sharpened easily and without any problems and the grinding residues are collected by the built-in system.

The three fully automatic grinding programs are called:

- Shaping - The high speed shapes the damaged blade.
- Sharpening - The medium speed sharpens the shaped blades.
- Pull - The low speed improves the sharpened blade.
