Like shiny pebbles, these unusual stainless steel reusable 'ice-cubes' are sure to be a conversation piece at any dinner or cocktail party. Simply keep in the freezer and then put in a glass to keep a drink cooler for longer. Functionality and beauty, hand in hand, make these perfect examples of contemporary Scandinavian design.

Designer Aurelian Barbry has a strong belief that design should be beautiful but stay true to its purpose. His Sky bar set is a striking example of this, with sculptural asymmetric shapes working both aesthetically and practically.

Made from shiny stainless steel, these 'ice cubes' come in a set of four and are safe to use in drinks.

Sky Collection

Aurelian Barbry's sculptural and organic Sky bar accessories are the ultimate in Scandinavian minimalism. Stainless steel cocktail shakers, ice buckets and bottle openers combine practicality with stunning good looks.
