The all-new Classics Art Déco watches have taken the concept of "affordable luxury," upon which the Frederique Constant brand was founded, to allow more people enjoy beautiful 100% Swiss made watches.

Each watch in this new range is powered by the FC-200 quartz caliber movement, with seven jewels and a battery life that will give more than five years (63 months) of unrivalled accuracy.

The highly polished and oval-shaped case will fit comfortably on the most petite wrist.

Other features shared throughout the range include the convex sapphire crystal protecting the dial, the hour and minute functions, and the wonderfully delicate Guilloché decoration in the center of the dial.

Retro yet Contemporary

Drawing inspiration from the lavish social parties of the 1920s, the Art Déco collection boasts timeless beauty that gracefully adorns the wrist of the modern women.

A balanced combination of modern materials and vintage aesthetics turns this timepiece into a unique fashion accessory. The delicate oval shape of the case emphasizes the intense details of the Guilloché decoration on the white or Blue Navy mother of pearl dial, the elegant rose gold-plated or silver applied and black printed Roman numerals and diamond indexes, are all statements of the vintage
