Product information "Wine Cooler 7.00 I"

Wine cooler with handles for two Bordeaux, Burgundy and Champagne bottles in 18/10 stainless steel mirror polished outside, mat finish inside.

Designed to hold three of the five possible basic shapes of wine bottles and cool them right up to the neck. Great attention is paid to the details: the body is thicker at the base and on the edge to avoid possible marking, the handles afford a perfect grip even with just one hand, the capacity is two bottles, the depth means the bottle can be immersed for its entire useful height, and the shape means that several coolers can be stacked.
