Product information "Corkscrew electri. 21 cm black"

Manufacturer: Peugeot

Name: Elis Reserve

Article: Rechargeable electric corkscrew

Color: Black

Height: 21 cm

Material: Wood

The Elis Reverse rechargeable electric corkscrew combines a warm design in beechwood with 100% automatic advanced technology. Uncork all types of bottles by simply pressing onto the bottle, then eject the cork by tilting the corkscrew horizontally. Elis Reverse is designed, turned, painted and assembled at Peugeot's production workshops in Western France.

Advanced Technology in a Wooden Body

Featuring a perfect combination of warm wood and technological innovation, the Elis Reverse corkscrew is suitable for all bottles and all corks (traditional or plastic). Operation is fully automatic: uncork the bottle by simply pressing onto the bottle and eject the cork by tilting the corkscrew to a 90° angle. The body is made of beechwood and was turned with meticulous care at our French factory. The matte black finish brings refinement and elegance. It comes with a foil cutter and charger. The Lithium-ion batteries can uncork an average of 50 bottles on one charge.
