Product information "Placemat 37x44 cm Nupo nomad gray"

Manufacturer: LindDNA

Designatin: Placemat Nupo

Serie: Curve L

Color: nomad gray

Dimensions: 37x44 cm

Material: leather, rubber

Nupo is one of LIND DNA's most popular structures. It has an exclusive, suede-like surface, with a soft structure. Nupo is elegant and timeless and available in many different colours – the perfect choice for almost any interior style. The material is 1,6 mm thick and consists of 80% core leather and 20% natural rubber.

The bedrock of most of our designs is OEKO-TEX® certified, recycled leather. Sourced from the surplus production from the furniture and fashion industry, the vegetable-tanned core leather is first granulated, and then pressed together with natural rubber from trees. The result is a recycled leather quality, consisting of 80% core leather and 20% natural rubber – a material that is at once incredibly durable, water resistant as well as easy to clean. Lastly, the leather is dyed with water-based colour and decorated with beautiful surface structures and patterns.
