Bold and beautiful, the Moonlight Grapes ring is strikingly modern whilst at the same time respectful of the Art Nouveau heritage of early Georg Jensen work. Like the very best in Scandinavian design, the result is timeless.

Taking an archive Art Deco motif of grapes - used in many of the original master Georg Jensen's own work - and abstracting it to a new, sculptural form, the Moonlight Grapes collection creates something that is relevant and desirable to today's woman.

Beautifully crafted from sterling silver, the ring has an oxidised finish that references vintage jewellery and gives the round forms of the grapes an extra depth.
