Effectively chops, blends and whisks

Simple design with drawstring

Chop, mix and whisk sustainably without using any electricity! Operated using a practical drawstring, it's quick, efficient and easy to chop vegetables and whip cream. Place the ingredients in the container, position the lid and pull the string. The mini chopper is manually operated, so it's easy to keep an eye on progress. The more times you pull the string, the more finely chopped the contents. The mini chopper comes with an extra attachment for whipping e.g. cream, milk or egg whites. The container and attachments are dishwasher-safe, while the lid needs to be washed in hot water and soap.
