Elegant design for the most commonly used knives – a book-shaped knife stand with 9 pages/leaves.

Prevent blades being dulled by rubbing against each other in a kitchen drawer, and instead keep your knives to hand on your kitchen countertop. The flexible design of this knife stand makes the knives accessible at both an angle or from above, so the stand can also be stood under a wall cabinet. The leaves in this lamellar knife stand can be pulled out individually for any knives needing more space, and the base of the stand prevents the blade points from scratching the countertop.

To clean, wipe the knife stand with a well-wrung, damp cloth.

A knife stand is the best way of storing your knives

The knives can be removed at an angle and can therefore be stored under hanging cabinets

The leaves in the knife stand can be pulled out individually for any knives needing more space

Easy to keep hygienic – removable, washable sleeves
