Product information "Reading Glasses Tortoise Soft +2.00"

Reading glasses - #D READING Tortoise: reading glasses for presbyopia, round, timeless, best-selling shape. Unisex, universal model. Original, fashionable design.

High-quality, lightweight, comfortable reading glasses: flexible arms, rubber texture... essential for everyday life.

Give yourself a fashionable edge!

Standards

This model complies with the European standards for non-prescription glasses (NF EN 14139) and with the international standards for prescription glasses (ISO 12870).

#D READING - Reading glasses Tortoise

Presbyopia is a natural phenomenon linked to aging of the eyes which diminishes the vision from age 40-45 and onwards.

Magnifying glasses

For presbyopic people, seeing clearly requires at first an additional effort and then becomes, little by little, impossible. It is then necessary to wear reading glasses to see closely.

Flex hinges

Flexible and comfortable arms, with spring hinges, which adapt to all face shapes and sizes.
