About Baobab

The first big trip, falling in love for the first time, the first flowers blooming in spring: The romance of first-time experiences takes on a special meaning in the "My First Baobab" collection. Fragrances gathered on journeys and evoking memories of special places – all in 1970s design in handmade glass vessels decorated with 9-carat gold and platinum.

A pinch of internationality, a splash of tasteful design and a large helping of high-quality materials: The recipe for success for Baobab's exceptional scented candles is anything but conventional. The Belgian company demonstrates the sophistication of European craftsmanship in harmony with minimalist mondial design – all in the form of candle creations that offer a unique olfactory experience.
