#SUN sunglasses: the fashion must-have that's got the IZIPIZI community talking!

Standards

This model complies with the European standards for non-prescription glasses (NF EN 14139) and with the international standards for sunglasses (ISO 12312-1).

#E SUN - Sunglasses Kaki Green

The sun emits visible and invisible electromagnetic waves. The most harmful are UV rays which remain dangerous even in overcast conditions because clouds absorb at most 10% of it.

Sun lenses cat. 3

UV rays damage the eye cells. With time, the renewal will be done less and less well. The SUN glasses provide adapted protection with 100% UV category 3 lenses which protect from glare and filter 100% of ultraviolet (UV) rays.

Flex hinges

Flexible and comfortable arms, with spring hinges, which adapt to all face shapes and sizes.
