Product information "Slimwallet Carbon black"

Carry more with an even slimmer profile. The Slimwallet's leather has a wider cut, while retaining a slim silhouette. This way it fits easily into a front or breast pocket.

The aluminium Cardprotector is the heart of the minimalist wallet. It has a patented sliding system that gives access to the cards you use most with one simple click. Additionally, the Cardprotector protects your cards against bending, breaking and unwanted wireless reading of RFID and NFC cards. The Cardprotector won the Red Dot Design Award 2009.
