NEW ARRIVAL IN TRENDY VINTAGE GREEN

The "Vintage 7" series is growing! The model in nostalgia look presents itself brand new in trendy green.

Attention to detail: as with the previous models, the dial consists of three parts. The basic dial is silver with a sunburst finish. The upper dial, consisting of two parts – above and below the line 3-9 o'clock and shines in fresh green. The shape of the two upper dials has round recesses in the area at 12 and 6 o'clock, as well as in the middle segment of the dial. Important elements, such as the distinctive number 60 and the calendar, are placed in the outer recesses. The lower dial has two more time markers – for the minutes in the outer area and for the hours in the middle area. The seconds markers are located on the two parts of the green dial.

This retro look is joined by two hour applications at 3 and 9 o'clock, which are also in vintage style and complement the reference to the 60s.

In addition to these refined dial details, the significantly shortened hour hand also creates a historical background and ensures that it is these small details that give the vintage feel and satisfy all vintage lovers.

The movement, caliber 2616 by Poljot, is an original from the 60s and brings the model back closer to the original vintage watches. The rare caliber is completely disassembled, engraved, refined, re-oiled, assembled, adjusted and certified at Alexander Shorokhoff Manufacture. After that, you get a mechanical beauty. This can also be viewed through the sapphire crystal caseback.

The height of the case shrinks to 39 millimeters, which makes it interesting for all watch lovers with slender wrists. It is rounded on the sides, while the bezel and the back are polished and the middle part is brushed. From both sides, front and back, the case is equipped with saphir glasses. Special glass seals made of Hytrel and rubber gaskets for the bezel and back allow water resistance of 5 ATM.

With a limited edition of 30 pieces, the model is dedicated to the 30th anniversary year of the Manufacture.
