Product information "Watch Kandy automatic PVD gold wire"

The case has a shiny black PVD-coating. Furthermore, this model is not enameled sideways but the case is fitted with three silver or rose gold-colored and refined wires, which has a modern but also extremely elegant effect. Oftentimes, it is a small variation like this that turn something normal into something special and attracts all the attention.

For the black version of the "Kandy" watch, a new material combination is the center of attention.
