Product information "Sugar Bowl 0.21 I"

Sugar bowl in 18/10 stainless steel mirror polished.

The sugar bowl Cha (Japanese for tea), designed by Naoto Fukasawa, has refined and linear forms, typical of the designer's expressive approach. The sugar bowl has apparently simple forms that conceal a painstaking eye for every single detail and is designed to be practical and easy to handle thanks to the flared lines that make it easier to hold. The half moon designed along the perimeter of the latter can be used to accommodate a teaspoon.

Capacity: 21 cl
