Product information "Fire Extinguisher Wall Mount"

Manufacturer: Safe-T

Color: silver

Material: metal

Made in Belgium

Safe-T, Fire Extinguisher Wall Mount

When exceptional design meets the highest safety standards, it's a fiery combination – in the truest sense of the word. With their striking aesthetics, the DNC Tag fire extinguishers from Safe-T are not only functional but also far too attractive to hide away in a cupboard. With this wall mount, they can be placed unobtrusively anywhere – whether they're staged artfully on the living room wall or featured as an interior object in the kitchen. The wall mount has two drill holes on the back for stable and secure wall attachment.

About Safe-T

SAFE-T fire extinguishers by DNC Tag combine functionality and sophisticated design. In compliance with strict quality criteria, the fire extinguishers are produced 100% in Belgium, as the company places priority on one rule in particular: Safe-T first! All Safe-T fire extinguishers contain 1 kg of high-quality extinguishing powder, which is refilled by the manufacturer free of charge in the case of use. While conventional fire extinguishers often disappear into the basement or inaccessible corners, Safe-T fire extinguishers possess a true design factor and are therefore positioned to be all the more accessible. With up to 70 designs in a nuanced range of colors and textiles, they can be used to lend any interior that extra something special.
