Product information "Frying Pan non-stick 20 cm"

Featuring our technologically advanced, metal utensil safe and PFOA-free non-stick coating, the 3-ply Stainless Steel non-stick Omelette Pan is tough, durable and resistant to wear and abrasion. Ideal for healthier cooking, the Omelette Pan releases food so easily that little or no added fat is required. Stylish design and superb cooking results are at the heart of our 3-ply Stainless Steel cookware.

Using the latest multi-layering technology, where premium-grade stainless steel and aluminium are bonded together to form a special 3-layer material, heat spreads evenly and gently throughout the entire pan from base to rim. Helpful design features, such as capacity markings, helper handles and an all-round pouring rim to prevent drips, means cooking with our 3-ply Stainless Steel cookware is easy and enjoyable. The range is suitable for use on all heat sources, including induction, is oven and dishwasher safe* and comes with a reassuring lifetime guarantee.
