Product information "Chardonnay white wine glass (2 pcs.)"

Unique taste and outstanding appearance

The Chardonnay glass Vervino brings out harmonious wines of the Chardonnay grape with their characteristic aromas particularly intensively due to the mousse point and the raised glass shape. The unique light refraction of the high-quality crystal glass allows white wines to shine in rich and golden colours.

The effervescence point at the bottom of the Vervino Chardonnay white wine glasses ensures that the carbonic acid bound in the drink is released and moves to the surface in the form of fine air pearls. Once on the palate, the entire aroma of the drink unfolds.

Style and lightness combined

The tapered goblet allows the characteristic aromas of an acidic Chardonnay to unfold richly. The Tritan crystal glass has a total height of 238 millimetres and a weight of 189 grams. The high-quality workmanship makes it break-resistant and dishwasher-safe. The diameter of 84 millimetres optimally supplies the wine with oxygen and at the same time moderates to a cool temperature, which supports the development of the wine's flavour.

Enjoyment with Chardonnay

The Chardonnay glass Vervino is ideally suited for quality wines. Chardonnay goes excellently with intensely spiced poultry, as well as fish and seafood, and rounds off dishes perfectly.
