Product information "Headphone MAJOR IV Black"

MAJOR IV BLACK

Meet Major IV, the iconic headphones from Marshall with 80+ solid hours of wireless playtime, wireless charging and a new, improved ergonomic design. With more than three full days of power, you can stop worrying about your headphones dying on you when you need them. Custom-tuned dynamic drivers deliver roaring bass, smooth mids and brilliant treble for a rich, unrivalled sound that you'll never want to turn off.

SIGNATURE SOUND

Major IV delivers the signature Marshall sound that you've come to expect. Over 60 years of knowledge is packed into Major IV for an explosive sound. Custom-tuned dynamic drivers deliver roaring bass, smooth mids and brilliant treble for a rich, unrivalled sound that you'll never want to turn off.

80+ HOURS OF WIRELESS PLAYTIME

Major IV delivers 80+ solid hours of wireless playtime with quick-charge capability – only 15 minutes of charging will give you 15 hours of listening. These are headphones truly built for the long haul.

WIRELESS CHARGING

Major IV can be charged wirelessly, so it's now easier than ever to charge and go. You can rest your headphones neatly on a charging pad, and matte silicone piping on the ear cap ensures it won't move around. Spend less time looking for your charger in a mess of wires and more time listening to your music.

You will receive a USB-C charging cable in the box. Wireless charging pad is not included.

ICONIC MARSHALL DESIGN

Major IV combines enhanced usability with classic Marshall elements for a design that is both iconic and innovative. The new fold clip means that Major IV folds away into an even more compact size, and the ear caps are protected from too much wear and tear. It features the tactile and efficient control knob, textured black vinyl and Marshall script, as well as the rugged durability that's necessary for the anarchy of everyday life.
