Product information "Champagne Flute 0,23 l"

The champagne glass from this range was designed by Per Lütken, who was one of Holmegaard's most advanced glassblowers. Per Lütken designed the mouth blown Idéelle range, which dates back to 1978 and showcases the designer's enthusiasm for sweeping, feminine forms. The soft and rounded shape of the champagne glass makes it both comfortable to hold and drink from. This is a complete range that includes glass for different types of wine, water, brandy, aquavit and beer – with and without stem. A unique gift idea for a special occasion.

Height: 19,5 cm
