Dishwasher safe

Christofle, Perles, menu knife, sterling silver

With Perles, traditional company Christofle created a cutlery series back in 1876 which is both magnificent and subtle. A fine line of beading forms the delicate border of the cutlery, letting it shine with classic elegance next to any porcelain tableware. The 23.2 cm long menu knife makes the enjoyment of fine meals an even more aesthetic affair – particularly thanks to the robust stainless steel blade and in combination with the menu knife and fork. Made from gleaming sterling silver, it is also dishwasher safe. The unique pieces are also available in silver plating or stainless steel.

About Christofle

A true design classic, Christofle's Perles series was created in 1876 in the style of 18th century Louis XVI art and architecture. Characteristic of this is the beading, which runs in half relief as an outstanding adornment along the border of the elegant pieces of this series like a string of pearls. The traditional cutlery is not only available in silver plating and sterling silver, but also as a stainless steel version in the Perles II collection.

The traditional French company Christofle is a master in the processing of silver. With passionate craftsmanship and perfection, the luxury brand produces exclusive cutlery, as well as tableware, jewelry, accessories, barware and home decoration in its manufactory in Yainville in Normandy. In doing so, Christofle combines tradition and expertise from almost 200 years of company history with the highest quality, elegance and zeitgeist in its exquisite products.
