The Solid Color series is a bestseller from the Dibbern manufactory. With the hand-blown, solid colored tumblers, the colorful collection is enhanced with stylish pieces that harmonize with the hard porcelain tableware in a sophisticated manner. The tumbler in aqua has a capacity of 0.25 liters and its light blue color makes the contents seem secondary. The simple, oval design is not only an eye-catcher on the table – it is also microwavable and dishwasher safe up to 35°C.

### About Dibbern

The family-run Dibbern manufactory is located in Bargteheide, Schleswig-Holstein. Dibbern combines traditional craftsmanship and quality with the highest standards of product design. One of its bestsellers is the Solid Color series, which has been in the program for 30 years and is one of the most popular products of the manufactory. It also offers various Fine Bone China lines in numerous shapes and decors. Fine Bone China sets itself apart through its higher percentage of bone ash, which makes the porcelain appear particularly delicate, yet also makes it extremely stable.
